BLACKART
LUXURY ALLOY WHEELS

STEALTH

Black Art is a complete line of luxury alloy wheels. Black Art Wheels feature staggered fitment applications, extreme break caliper clearance and a full array of sizes in inventory to choose from. Our wheel line is superior to others, because of our complete attention to detail. Black Art Wheels meticulous paint finish and **DIAMOND CUT MACHINE FACE** allows you to see the brilliance and fine nuances of each design. These wheels are produced by a global product development and manufacturing company. Black Art Wheels have been designed, produced and tested for strength, durability and finished by a superior multi-point quality control and inspection process.
